Description

The Elite Fishing System (FS) combines the power of Lowrance's proven and newest fishfinding tools with a more affordable display that's easier to use and install. From integrated support for ActiveTarget™ live sonar and extreme high-resolution Active Imaging™ with Lowrance CHIRP sonar, SideScan and DownScan Imaging™ to preloaded C-MAP® AUS/NZ Enhanced Embedded Fishing Maps, Elite FS gives you all the tools you need to find and catch more fish.

Find More Fish with Proven Lowrance Sonar

See structure and cover with a new level of refined detail and at a range unmatched by any other structure imaging technology with Active Imaging™ 3-in-1 sonar featuring CHIRP, SideScan and DownScan with FishReveal™. Get the best of CHIRP sonar and DownScan Imaging™ on one screen with FishReveal, a Lowrance exclusive that helps you easily recognize fish from structure and cover on high-detailed DownScan images.

Target Fish Live with New ActiveTarget™ Live Sonar

Fish smarter when you know exactly what fish are doing - in real time - with ActiveTarget™ Live Sonar. Enjoy high-resolution views of fish movements, tracking them as they swim in and around cover. Watch their real-time response to your lure and you will know if your current technique is working or if it's time to switch things up.

Find Key Fishing Areas with Enhanced Embedded Charts

Spend more time trying to catch fish and less time trying to find them with the high-resolution detail of C-MAP® Enhanced Embedded inland and coastal charts built into Elite FS displays. From finding key fishing areas, like ledges, drop-offs and ditches to navigating with precision to fish-holding areas, you will have more success on the water with Enhanced Embedded charts.
