Description

Key Features of the Hook2-9 SplitShot 9-inch SolarMAX™ Screen -Get crisp and clear views of fish and fish-holding structure with the excellent clarity and daylight visibility of a high-resolution SolarMAX™ display. Automated sonar settings -You will spend more time fishing and less time dialing in your sonar with HOOK2 Autotuning sonar. Just plug it in and fish. It doesn't get any easier. Easiest-to-use menu operation and Dedicated Keypad -Make the adjustments you want with fewer key presses via a simplified menu layout and dedicated keypad. SplitShot 2-in-1 Sonar with High CHIRP and DownScan Imaging™ -SplitShot 2-in-1 sonar makes it easier to stay on the fish, delivering the best traditional sonar views and lifelike images of fish-holding structure beneath and beside your boat. Built-in detailed mapping -Easily find depth changes, roadbeds or your favorite fishing spot on the built-in, high-detail U.S. map in HOOK2, featuring a high detail AUS/NZ regional map. Mapping options -You can easily upgrade the mapping on your HOOK2 with optional mapping cards from C-MAP®, C-MAP Genesis, Navionics® and more. microSD card slot -Save your waypoints, routes and trails to a microSD card or upgrade your mapping with an optional chart card. Easy front-dash or quick-release bracket mounting installation -Pick the best installation option for your boat from simple flush-mount and quick-release-bracket installation options.
